VIENNA

MAXIMUM FLEXIBILITY

Situated in a central location and joined to the ARCOTEL Wimberger, the ARCOTEL Conference- & Eventcenter offers conference participants maximum flexibility, individual service and full commitment. The ARCOTEL Conference- & Eventcenter is located 30 minutes from Vienna Airport, and the Westbahnhof train station is only a few minutes' walk away. Rooms with flexible layout and state-of-the-art technology are available for international meetings and congresses.

PLACING YOUR PRODUCT IN THE LIMELIGHT

Both the sophisticated technology and the stage dimensions are ideally suited to the presentation of a wide range of products, from a small piece of jewellery to a car. Organisers of fashion shows and haute couture events appreciate the professional light engineering technology as the high-voltage connection permits shows with elaborate lighting concepts. The ARCOTEL Conference- & Eventcenter is also a popular location for events involving special effects such as fog machines and laser shows (water supply for the cooling system is available). Another exceptional feature are the artists' dressing rooms on the first floor which have direct access to the stage.

ANYTHING IS POSSIBLE!

For big events Joe's Bar, WIMBERGERS wia z'Haus and the foyer can be included in the available space, extending the capacity across 1000 people. For the presentation of special equipment, e.g. at medical congresses, the main function room can be divided into a maximum of 8 smaller rooms. Owing to their ground-floor location and extra-wide doors the rooms offer barrier-free accessibility for large equipment. In addition, lockable storage space is available in the car park where valuable products and machinery can be stored temporarily.

VENUES FOR BIG CONFERENCES IN VIENNA Arts, culture and a "dancing" congress

The historic Congress of Vienna set the example, not only as a major political but also an important social event. Follow this example at the ARCOTEL Conference- & Event-center, where a congress can both convene and dance. Should your event exceed our capacity, we can recommend the following two venues:

The Wiener Stadthalle

The Wiener Stadthalle, Austria's largest event centre, is only a five-minute walk away. Its six halls make it Vienna's biggest event venue and the largest inner-urban, indoor, multi-functional entertainment complex in Europe.

The Wiener Hofburg

A multi-functional event centre with more than 700 years of history: The Hofburg Congress Centre offers 35 event rooms covering a total of 17.000 sqm for up to 4900 people. The main feature are the imperial State Apartments which are equipped with state-of-the-art event technology.

Both venues are ideally suited for conferences, exhibitions and large events and can be reached from the ARCOTEL Conference- & Eventcenter in a few minutes. We will be pleased to assist you in establishing the right contacts.
